Hello TensorFlow.js – Addition Example

TensorFlow.js Test

```
Tensor a:                                    INDEX.HTML:17
Tensor                                              tfjs:17
    [1, 2, 3]
Tensor b:                                    INDEX.HTML:20
Tensor                                              tfjs:17
    [4, 5, 6]
Sum (a + b):                                 INDEX.HTML:23
Tensor                                              tfjs:17
    [5, 7, 9]
Live reload enabled.                         INDEX.HTML:55
```

Assignment 1: Scalar, Vector, Matrix

```
Tensor                                          tfjs:17
    5
Tensor                                          tfjs:17
    [1, 2, 3]
Tensor                                          tfjs:17
    [[1, 2],
     [3, 4]]
Live reload enabled.                     INDEX.HTML:49
```

Assignment 2: Vector Addition & Multiplication
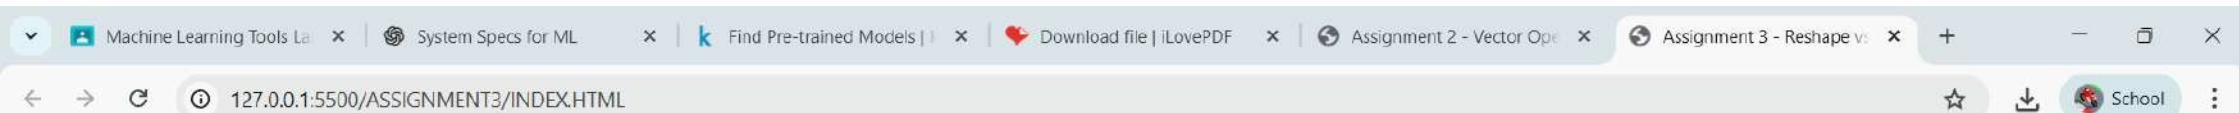

Assignment 3: Reshape and Flatten

```
Tensor                                    tfjs:17
    [[1, 2],
     [3, 4]]
Tensor                                    tfjs:17
    [[1],
     [2],
     [3],
     [4]]
Tensor                                    tfjs:17
    [1, 2, 3, 4]
Live reload enabled.              INDEX.HTML:50
```
